April 16, 1985

SUBJECT: Control Number 77973 - Request for Amendment to License Number 21-19111-02 dated Dec. 13, 1984, USNRC request for additional information by phone on Jan. 22, 1985 by John Madera and USNRC letter from Bruce S. Mallett dated March 18, 1985

Gentlemen:

In response to the above mentioned phone conversation between John Madera and David Cardwell of our office, the additional information you requested is listed below. Also enclosed is a formal ~~Amendment~~ Application per our phone conversation and our revised Radiation Safety Program Manual, which includes revised Operating and Emergency Procedures.

1. The individuals responsible for the radiation safety training program at Magna Chek, Inc. are Lawrence E. Jones - Radiation Safety Training Director, and David B. Cardwell - Radiation Safety Officer. The duties, training and experience of these individuals is outlined in Section II, Part C and Part D of the enclosed Radiation Safety Program Manual.
2. Initial training procedures for new employees at Magna Chek with previous radiographic experience are listed in Section V, Part B.3 of the enclosed Radiation Safety Program Manual.
3. Procedures for controlling access to the roof area of the exposure room at Magna Chek, Inc. are outlined in Section IV, Part A and Section VIII, Part I.3 (page 15) of the enclosed Radiation Safety Program Manual.
