Gentlemen:

SUBJECT: EXAMINATION REPORT, COMANCHE PEAK STATION (CPSES)

On April 1-3, 1985, NRC administered requalification examinations to cold licensed operator employees of your company, at the CPSES facility. At the conclusion of the examinations, the written examination questions and answers, as well as preliminary results of operating examinations were discussed with those members of your staff identified in the enclosed report. The examination final results have been forwarded to the CPSES staff. Enclosed is the examination report identifying the examination review, review comments and resolutions, and copies of the final examination and answer key master copies.

As a result of these examinations, three Senior Reactor Operators and one Reactor Operator must be placed in an accelerated requalification training program subject to the conditions of your Licensed Operator Requalification Program. Should you have any question concerning this letter, please contact us.

Sincerely,
