Attention: Beth Redlinger

U.S. N.R.C.
LIC. FEE MGMT. BRANCH

Gentlemen:

Per our phone conversation last week we would like to amend our license (#50-23204-01) (Control #70133) as follows:

To allow Mr. Randall K. Fletcher to teach the course required for individuals to operate nuclear moisture density testers, and to store and operate nuclear moisture density gauges at our Anchorage office. Mr. William Burgess is the person we would like to designate as Radiation Protection Officer for our Anchorage office. Additional users will be: Mr. Fred Brown, and Mr. Tim Terry. Mr. Burgess has attended the Troxler training course, and Mr. Brown and Mr. Terry will be attending the course taught by Mr. Fletcher upon your approval.

Enclosed is a drawing depicting the storage location of the gauge in the Anchorage office. Also enclosed is a check for sixty dollars to cover fees.

Sincerely,

ARCTIC ALASKA TESTING LABORATORIES
A division of SHANNON & WILSON, INC.
