Gentlemen:

This refers to a letter from Dr. E. Torvik of your staff dated March 4, 1985. This letter requests several corrections to Amendment 38 to License No. 07-12153-02 which was issued on February 26, 1985. After a careful review of the amendment and your previous requests, I believe Amendment 38 is exactly in accord with your requests, especially your submission dated June 26, 1984. If you still believe the amendment is in error, please specify the documents in which you requested the changes, I will review them and determine if a corrected copy of amendment 38 can be issued.

If you desire to change these items and have not previously requested changes, we will be happy to review your request for an amendment upon payment of the proper fees, and receipt of a formal request and supporting information.

I will be happy to discuss this matter further if you desire (215) 337-5252.

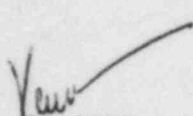

Sincerely,
