Re: Application to Amend USNRC License No. 34-19089-01

Dear Mr. Caniano:

On July 15, 1996, Advanced Medical Systems, Inc. (AMS) informed the USNRC that the new Radiation Safety Officer (RSO) for the facility is Mr. Stephen J. Haddock, and the Alternate Radiation Safety Officer (ARSO) is Mr. Christopher Reed. In that letter, AMS indicated that the RSO and ARSO were scheduled to attend 40 hours of Radiation Safety Officer training in Bethesda, Maryland. The purpose of this letter is to inform the USNRC that AMS has met this commitment. Enclosed, for your records, are the certificates of completion for me and for Mr. Reed. If you have any questions or if I can provide you with additional information, please call me at (216) 692-3270.

Sincerely

Stephen J. Haddock, R.S.O.
