RE: Mining Permit Application  
Proposed Brunswick Quarry  
Brunswick County

Dear Mr. Badham:

This is to acknowledge receipt of your June 20, 1996 letter in which you stated that Martin Marietta Aggregates is withdrawing its mining permit application for the above referenced site, effective immediately. Thus, the Department's review of the application is hereby terminated and the application file is closed. It is unfortunate that the application was not brought to a conclusion satisfactory to all interested parties.

Should your company wish to reapply for a mining permit for this site in the future, it may submit a new mining permit application form, the appropriate application processing fee, and other information needed for the Department to conduct its review of the application.

Thank you for your cooperation in this matter. If you should have any questions on the above, please contact me.

Sincerely,

Charles H. Gardner, P. G., P. E.
