ATTN: Mr. Steve Henley  
Administrator/CEO  
P.O. Box 3168  
Enid, Oklahoma 73702-3168

SUBJECT: CONFIRMATORY ACTION LETTER

This refers to your facsimiles dated September 4, 5, and 20, 1996, responding to the Confirmatory Action Letter (CAL) issued by the NRC on August 28, 1996, and the September 5 and 24, 1996, telephone conversations between Mr. Jack Whitten of this office and Mr. Max Kubik of your staff.

Based on the information identified above, we have no further questions of Bass Memorial Baptist Hospital (BMBH) regarding its participation in the receipt of sealed calibration sources, disposal of Enid Health Systems, Inc.'s (EHS) spent generators, and generation of contamination/survey reports. We, therefore, consider the actions completed which were addressed in the CAL. NRC acknowledges BMBH's prompt actions in remedying the safety concerns generated by EHS abandonment of these radioactive materials. However, BMBH should be aware that the EHS license remains active until termination is requested by members of EHS's management, contamination/ closeout surveys have been evaluated and approved by the NRC licensing staff, potential enforcement matters have been resolved, and a terminating amendment to the license has been issued.

Should you have any questions regarding this letter, please contact Dr. Blair Spitzberg of my staff at (817) 860-8191.

Sincerely,

A handwritten signature in dark ink, appearing to read "Ross A. Scarano".

Ross A. Scarano, Director  
Division of Nuclear Materials Safety
