(b) MYAPCo Letter to USNRC dated September 13, 1996, MN-96-134,
Proposed Change No. 201, (same subject)

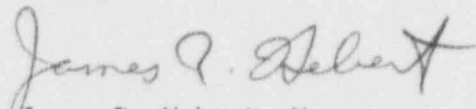

Subject: Proposed Technical Specification Change No. 201 - Organization
Change Affecting Nuclear Safety Audit and Review (NSAR) Committee

Gentlemen:

In Reference (b), Maine Yankee submitted the subject proposed change. Attachment B to this submittal contained revised technical specification pages. These pages were incorrectly numbered. Attached are corrected technical specification pages. Only the page numbers and cooresponding amendment numbers for those pages have changed. The remaining content of each page is the same as attached to Reference (b). This supplement does not affect the summary of Significant Hazards Evaluation presented in Attachment A of Reference (b).

If you have any questions, please contact us.

Very truly yours,

James R. Hebert, Manager
Licensing & Engineering Support
