Gentlemen:

Subject: Inspection Report No. 85-01

This refers to the routine safety inspection conducted by Mrs. T. Hall Darden of this office on February 26, 1985 at Plant No. 1, 671 Nobel Drive, West Mifflin, Pennsylvania, of activities authorized by NRC License No. 37-19062-01 and to the discussions of our findings held by Mrs. Darden with yourself and Mr. M. Bianco of your staff at the conclusion of the inspection.

The inspection was an examination of activities conducted under your license as they relate to radiation safety and to compliance with the Commission's rules and regulations and the conditions of your license. The inspection consisted of selective examinations of procedures and representative records, interviews with personnel, measurements made by the inspector, and observations by the inspector.

Based on the results of this inspection, it appears that one of your activities was not conducted in full compliance with NRC requirements, as set forth in the Notice of Violation, enclosed herewith as Appendix A. This violation has been categorized by severity level in accordance with the revised NRC Enforcement Policy (10 CFR 2, Appendix C) published in the Federal Register Notice (49 FR 8583) dated March 8, 1984. You are required to respond to this letter and in preparing your response, you should follow the instructions in Appendix A.

From the discussions conducted at the conclusion of the inspection, we understand that you plan to evaluate the location of the storage area for the licensed material to ensure that exposures to workers in its vicinity are maintained as low as reasonably achievable. Please confirm this understanding in your reply to this letter.

In accordance with Section 2.790 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, a copy of this letter and your reply will be placed in the Public Document Room.

The responses directed by this letter and the accompanying Notice are not subject to the clearance procedures of the Office of Management and Budget as required by the Paperwork Reduction Act of 1980, PL 96-511.
