Re: USNRC Materials License No. 13-18992-01

Dear Sir or Madam:

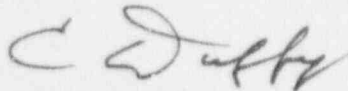

I am sending this correspondence which will serve as notification that we would like to add Doctor Florence Gin to USNRC Materials License No. 13-18992-01 for radioactive materials identified under 35.100, 35.200 and 35.300. Doctor Gin is an authorized user by definition under 10 CFR 35.910 (a) (2) and 35.920 (a) (2). A copy of her certification by the American Board of Radiology is included with this correspondence.

Dr. Gin's credentials and experience have been reviewed and approved by the Radiation Safety Committee in compliance with 10 CFR 35.22 (b) (2) (i) and 35.22 (b) (2) (ii) which met on September 27, 1996. It is my understanding a fee is not required as this serves as a notification under 10 CFR 35.14 and not deemed an amendment.

If you have any questions, please feel free to contact me at 812-663-1170, or the Nuclear Medicine Consultant, Mr. Edward Wroblewski, at 313-662-3197.

Sincerely,

DECATUR COUNTY MEMORIAL HOSPITAL
