Dear Mr. Cain:

The following is the additional information requested  
in your letter of March 14, 1985:

1. Resume for Earl Hixon

Earl Hixon has received training in radiography while employed by Penn Inspection under License#35-21144-01. He has worked for Penn Inspection since 1981 as a radiographer and assistant Radiation Safety Officer to Harold Patterson. He has received training from Houston Consultants, Box 34279, Houston, Texas. He has used Gamma Century 100 cameras and Gulf Nuclear cameras 20V. He has used Gamma Industries Model C-10 and Gulf Nuclear Model U-110 Source Chargers.

2. Source Chargers to be used from SPEC is Charger SPEC Model C1.
3. The correct name of the firm is Penn Inspection Company. The wrong letterhead was used and the company name has not been changed.

If any other information is needed please contact me.

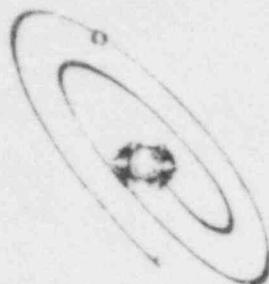

Sincerely,

*Wade Penn*
