**Subject: Partial Retransmittal of Approved Licensing Topical Reports:  
CENPD-288-P-A and CENPD-288-NP-A**

Dear Sir:

Please find as Enclosure I:

Four (4) copies of the proprietary Licensing Topical Report:  
"ABB Seismic/LOCA Evaluation Methodology for Boiling Water  
Fuel," CENPD-288-P-A, July 1996.

The purpose of this letter is to retransmit four Approved Licensing Topical Reports (LTRs) that were returned to ABB by our shipper. They must have been separated from the remaining reports sent by Reference 1.

Please note that a total of ten boxes of Approved LTRs were shipped from ABB to the NRC on October 16, 1996. The total contents of these ten boxes were 23 proprietary copies and 12 non-proprietary copies of ten different LTRs (350 separate reports). Since at least four of the reports were returned to ABB, there is reason to believe that more may not have made it to you. If
