Dear Mr. Hosford:

This refers to your request for approval to conduct characterization, remediation, and termination survey activities in Building 112 at the Saint-Gobain/Norton facility located in Worcester, Massachusetts as detailed in your Decommissioning Plan for Building 112 (Plan) dated August 30, 1996, and as supplemented by letters dated October 1, 1996 and October 4, 1996. We have reviewed the information submitted and have no objection to Saint-Gobain/Norton and their contractors commencing the characterization, remediation, and termination survey activities at your facility as described in the Plan.

As you have in the past, please continue to keep us informed as your decommissioning project continues. We wish you success in completing the Plan in a safe and effective manner. Thank you for your cooperation.

Sincerely,
