SUBJECT: INFORMAL CORRESPONDENCE

Dear Mr. Quay:

Attached are copies of material faxed from Westinghouse to the NRC for the time period August 27, 1996 through September 20, 1996. These materials may include information to support teleconferences, marked up SSAR sections and/or status reports on various SSAR chapters. Any SSAR markups will be included in an upcoming SSAR revision. We will inform you if there are substantial changes as a result of Westinghouse internal review. If the markup does not reflect the understanding of the NRC staff, please contact Westinghouse within 30 days.

It is our expectation that any marked-up SSAR change, when formally submitted, will close the associated open item.

Please contact Brian McIntyre at (412) 374-4334 if you have any questions on this material.

Brian A. McIntyre, Manager
