Subject: Organizational Changes at Clinton Power Station

Dear Mr. Beach:

This letter is to inform you of recent changes in the Clinton Power Station management organization. Mr. Paul J. Telthorst, formerly Supervisor-Operations Training, has been appointed to the position of Director-Licensing at Clinton Power Station. Mr. Telthorst replaces Mr. Richard F. Phares who was temporarily assigned to the Director-Licensing position when Mr. Michael W. Lyon (formerly Director-Licensing) was appointed to the position of Director-Plant Operations. Mr. Phares continues to hold the position of Manager-Nuclear Assessment.

IP informed the NRC that Mr. Lyon was appointed to the position of Director-Plant Operations in Illinois Power (IP) letter U-602642, dated September 24, 1996. However, Mr. Lyon's title has since been changed to Assistant Plant Manager-Operations. In addition, the title of Mr. A. E. (Tony) Mueller has been changed from Director-Plant Maintenance to Assistant Plant Manager-Maintenance.

Effective immediately, please replace Mr. Lyon and/or Mr. Phares with Mr. Telthorst on the distribution of all future correspondence related to Clinton Power Station.

Sincerely yours,

For Wilfred Connell (Danise P. Thompson)
