Gentlemen:

Enclosed is Amendment No. 44 which authorizes your possession of the Seaman Nuclear gauge requested in your March 11, 1985 letter.

Regarding the status of your pending renewal to combine both License Numbers 12-00088-06 and 12-00088-07 into one license (12-00088-06), we are currently in the review process of your renewal application(s) and if we need additional information concerning this licensing action we will be contacting your office.

Please review your license carefully to assure that you understand and are in compliance with the terms and conditions contained therein. If you have questions, please contact our office by dialing (312) 790-5625.

Sincerely,

Original Signed By
