Mr. Robert D. Martin  
Regional Administrator, Region IV  
U.S. Nuclear Regulatory Commission  
611 Ryan Plaza Drive, Suite 1000  
Arlington, TX 76011

Dear Mr. Martin:

Subject: Waterford 3 SES  
Docket No. 50-382  
Licensing No. NPF-38  
Emergency Response Training

We have reviewed NUREG-0845, "Agency Procedures for the NRC Incident Response Plan", and are requesting that the NRC provide training to appropriate members of our emergency organization on the NRC response to an emergency at Waterford 3.

We feel that this training would provide a better understanding of the interface concepts between NRC and LP&L personnel during emergencies; provide your regional coordinator an opportunity to tour our emergency facilities; and provide guidance in accommodating the NRC site response team.

Please let us know if this training session can be implemented. If there are any questions regarding this request and to make arrangements for the training, please contact R.G. Azzarello, Emergency Planning Manager, at (504) 464-3347.

Very truly yours,

K.W. Cook  
Nuclear Support & Licensing Manager
