Dear Sir,

Activities authorized by Crane Army Ammunition Activity, license number SUB-1578, reference number 040-09045, regarding storage and possession of Depleted Uranium (DU) munitions has been initiated. The DU munitions will be stored in standard explosive storage magazines that already exist. Storage activities will be conducted in accordance with license requirements.

Activities involving demilitarization of DU munitions has not been initiated. Equipment must be obtained and facilities modernized prior to initiating demilitarization operations. You will be notified prior to initiating demilitarization activities.

If additional information is required, please contact the undersigned at (812) 854-1246.

Sincerely,

Walter F. Shearin
