Florida Power and Light Company
ATTN: Mr. J. W. Williams, Jr.
Group Vice President
Nuclear Energy Department
P. O. Box 14000
Juno Beach, FL 33408

Gentlemen:

SUBJECT: DOCKET NOS. 50-335 AND 50-389 PLANT ST. LUCIE RADIOLOGICAL EMERGENCY
PLAN REVIEW

We have completed our review of Revision 15 of the Plant St. Lucie Radiological
Emergency Plan.

Our review indicated that the changes in this Revision meet the planning
standards of 10 CFR 50.47(b) and the requirements of Appendix E to 10 CFR 50.

Please be reminded that 10 CFR 50.47(q) requires NRC approval of any changes to
your Plan which may decrease the effectiveness of the Plan. However, if your
safety review indicates no difference in emergency preparedness, then changes
can be made without NRC approval. In all cases, you should furnish copies of
each proposed change to the NRC in accordance with 10 CFR 50.54(q). Also, any
changes to the Emergency Plan Implementing Procedures should be made in
accordance with the requirements of 10 CFR 50, Appendix E, Section V
(Implementing Procedures).

Should you have any questions regarding this letter, please contact
Mr. R. R. Marston of our staff at 404/221-5228.

Sincerely,

Virgil L. Brownlee, Chief
Reactor Projects Branch 2
Division of Reactor Projects
