Dear Mr. Michals:

This is in reference to a letter dated February 2, 1996 from Steven J. McCool, requesting termination of License No. 29-28659-01 issued to Canspec Testing Inc. Mr. McCool indicated that further correspondence should be directed through you.

In order to terminate the above referenced license, all material authorized under the license must be accounted for and properly disposed. As discussed in a telephone conversation between Mr. Amato of this office and yourself, a Model 660B radiography device (serial number B1764) containing depleted uranium shielding material is unaccounted for. Please provide us with whatever information you can concerning the disposition of this device.

We will continue our processing of the termination request upon receipt of this information. Please reply in duplicate to my attention at the Region I office and refer to Mail Control No. 122020. If you have any technical questions regarding this deficiency letter, please call me at (610) 337-5069.

In order to continue prompt review of your application, we request that you submit your response to this letter within 30 calendar days from the date of this letter.

Sincerely,
Original Signed By:

Attention: Mr. Charles Amato

Subject: Meeting at 464 Lincoln Boulevard - March 8, 1996

Further to our meeting with John Livoti of the Hundal Group and yourself, I would like to confirm the following information discussed during our meeting.

1. It is our understanding that your radiation survey of the interior and exterior of the premises was acceptable with respect to the governing regulations of NRC. We also confirm that the portable darkroom located at the rear of the building was surveyed and again; all levels of radiation detected were within acceptable limits.
2. We confirm to NRC that Canspec Group Inc. of Canada sold the company known as Canspec Testing Inc. (464 Lincoln Boulevard) to Mr. Steve McCool effective June 1, 1995.
3. We confirm to NRC that the license held by Canspec Testing Inc. (license number 29-28659-01) was transferred to CMT in June 1995.

Re: License #29-28659-01 Termination

Mr. Costello

Pursuant to 10CFR 30.36, Canspec Materials Testing Inc. is terminating the above referenced license. We are financially unable to honor our obligations and have closed our doors.

All licensed radiographic sources were returned to Amersham for disposal on January 24, 1996. The premises occupied by Canspec Material Testing Inc., located at 464 Lincoln Blvd. in the town of Middlesex New Jersey will be vacated as of January 31, 1996. We will have discontinued operations as of that time.

Enclosed you will find a final survey of the shop area upon moving out, clearly showing that the facility is clear of any radiation levels.

Please direct any further correspondence thru my attorney.

Mr. Spiro Michals

MATERIALS ENGINEERING AND TESTING

May 10, 1995

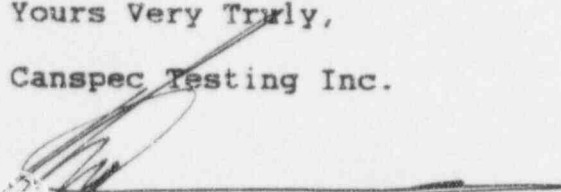

To Our Valued Customer

Since 1992 Canspec Testing Inc. has been providing materials engineering and testing services to a variety of clients out of its offices in Middlesex, N.J. Unfortunately due to the high costs of carrying on business, the shareholders have therefore decided to discontinue operations and dispose of the net assets of Canspec Testing Inc. to Mr. Steven J. McCool effective immediately. Mr. McCool will assume responsibilities for all of Canspec Testing Inc. existing clients. Services will be provided through Canspec Materials Testing Inc. of which Mr. McCool is the principal shareholder.

We have appreciated the opportunity to provide service to all of our valued clients and are confident that Mr. McCool will continue to meet all your future materials, engineering and testing requirements.

Yours Very Truly,

Canspec Testing Inc.
