Re: License No. 15-21332-01

Gentlemen:

Please amend Condition 10 of our license as follows:

Delete: 8528 West Reno, Oklahoma City, Oklahoma.
We ceased well logging operations from this location about October 1st and transferred all radioactive materials to other licensed facilities. We have given up possession of the facility effective November 1st. Abandonment survey is attached.

Delete: 603 East Willow, Enid, Oklahoma.
We have relocated to another facility in Enid (Oct. 1st). There were no tracer materials or sealed sources at this location at the time of the move, only Cobalt 60 markers, which were moved to the new facility. Abandonment survey is attached.

Add: 4524 East Market, Enid, Oklahoma 73702
Sketch of this facility is attached. It will serve as a facility/bunker survey form. This facility is located on the eastern edge of Enid in an industrial area.

Should you need additional information or have any questions regarding this request, you may contact me at (316) 262-8762. Our check in the amount of \$110.00 to cover the amendment fee is enclosed.

Sincerely,

S. W. Hoffman
