Gentlemen:

SUBJECT: MEETING SUMMARY - VOGTLE FACILITY, DOCKET NOS. 50-424 AND 50-425

This refers to the management meeting conducted at your request in the NRC Region II Office on March 25, 1985. This meeting was held to brief the NRC on the first Vogtle Readiness Review Module entitled "Reinforced Concrete Structures."

It is our opinion that this meeting was beneficial and has provided a comprehensive overview of the Vogtle Readiness Review Program and, specifically, the Reinforced Concrete Structures Module. This in-depth presentation will better enable the NRC to conduct its evaluation of this module.

In accordance with Section 2.790 of NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, a copy of this letter and its enclosure will be placed in the NRC Public Document Room.

Should you have any questions concerning these matters, we will be pleased to discuss them.

Sincerely,

/s/ P. X. Bemis
