SUBJECT: INITIAL EXAMINATION REPORT NO. 50-443/96-09 (OL)

Dear Mr. Feigenbaum:

During the period September 30 - October 4, 1996, the NRC administered initial examinations to 5 employees of your company who had applied for licenses to operate the Seabrook Power Station. The examination was developed by the Seabrook training department utilizing the guidance of NUREG-1021, "Operator Licensing Examiner Standards," Rev. 1 and Generic Letter 95-06.

The results of the examinations were that all five senior reactor operator candidates passed all exam sections and were issued licenses.

Should you have any questions concerning this examination, please contact me at 610-337-5211.

Sincerely,

*Original Signed By:*

Glenn W. Meyer, Chief  
Operating, Licensing and Human  
Performance Branch  
Division of Reactor Safety
