Re: Application for Renewal of Byproduct Material
License No. 14-01908-01

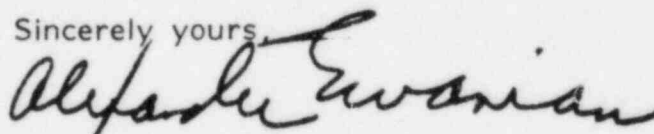

Dear Sirs:

Enclosed is a completed application for renewal of the above-captioned license for the Iowa Methodist Medical Center together with one copy of same.

The application for this license renewal was first submitted in November of 1983 when we were encouraged to use the short form. The fee for the license renewal application of \$150.00 was submitted with that application. In November of 1984, we were notified that we should submit an entirely new application because of all of the amendments that had been attached to our previous license. The enclosed is that completed license application.

I hope this will satisfactorily complete this lengthy and prolonged application for license renewal. I appreciate your patience for this lengthy process.

Sincerely yours,

Alexander Ervanian, M.D.
