Dear Mr. Smith:

This report transmits the findings of the initial operator examination conducted by NRC examiners in the period of September 13 - 20, 1996, at the Peach Bottom Atomic Power Station. At the conclusion of the examination, Mr. D. Florek discussed the examination observations with Mr. T. Mitchell of your staff.

Based on the results of the examination, the applicants were well prepared for the examination. Eleven of twelve applicants passed the examination and were subsequently issued licenses. One SRO applicant did not pass the operating portion of the examination.
