SUBJECT: NRC INSPECTION REPORT 40-8989/96-01

Dear Mr. Judd:

Thank you for your letters dated September 11, 1996, and October 21, 1996, signed by Vernon Andrews of your staff in response to our letter and Notice of Violation, dated August 13, 1996. In the letter dated September 11, 1996, you disputed the cited violation and provided information for the basis of the dispute. As a result of questions we had after our review of your reply, we convened a teleconference with Mr. Andrews on October 3, 1996. During this conference, we discussed the violation and your response, and Mr. Andrews agreed to provide us a further written response.

We acknowledge receipt of this second letter dated October 21, 1996, in which you admitted that the violation occurred and provided a description of corrective actions taken. We have reviewed that reply and find it responsive to the concerns raised in our Notice of Violation. We will review the implementation of your corrective actions during a future inspection to determine that full compliance has been achieved and will be maintained.

Should you have any questions concerning this letter, we will be pleased to discuss them with you.

Sincerely,

Ross A. Scarano, Director  
Division of Nuclear Materials Safety
