Gentlemen:

This is a request by the AMAX Lead Company of Missouri for an amendment to our AEC License No. 24-12212-01. It is requested that the following additions be included in sections 6, 7, 8 and 9 respectively:

Item 6 to include:

F. CS-137

Item 7 to include:

F. Sealed sources (Ohmart Corporation)

Item 8 to include:

F. No single source to exceed 100 millicuries

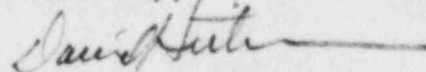

Item 9 to include:

F. To be used in Ohmart Corporation model SH-100 source holder for density measurement.

The source holder referenced above is constructed of steel and lead enclosure containing a push-pull shutter, lockable shutter "off" position, collimation and source on/off indicator switch.

Should additional information be required concerning this request, please contact me for assistance.

Sincerely,

David Heitman
