Dear Sirs:

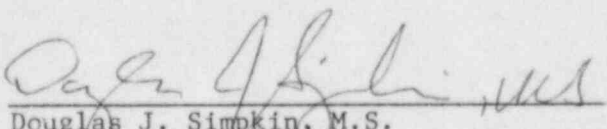

We are writing to request an amendment to NRC license number 48-01338-01. Due to an increase in the number and type of brachytherapy procedures performed at St. Luke's Hospital, we wish to increase our possession limit of Group VI (10CFR35.100 Schedule A) sealed byproduct sources from 1 Ci total to 2 Ci total activity. Radiation safety procedures and practices shall be maintained so as to keep hospital patient, visitor and employee exposures ALARA.

Enclosed please find a check in the amount of \$120.00 to cover this amendment. Please feel free to contact us at (414) 649-6457 should you have any questions regarding this matter.
