RE: Control Number 77708

Dear Dr. Mallett:

This is to inform your office that Thomas V. Dagenhart, Jr. is no longer employed at our laboratory. Therefore, there is no need to further process his application as Radiation Protection Officer.

However, I have replaced Mr. Dagenhart as manager of ERG's nuclear studies group and would like to amend NRC License No. 21-14920-01 such that I would become the Radiation Protection Officer and authorized user of radioactive materials at our facility.

I would greatly appreciate receiving the proper forms to amend our licenses so that I may better fulfill my duties as ERG's nuclear studies manager.

Sincerely,

ENVIRONMENTAL RESEARCH GROUP, INC.

Fred Fenner
Manager, Nuclear Studies
