RE: LICENSE #34-01131-01 ^{84 NOV 30} A10:44
November 27, 1984

Director: Office of Nuclear Materials and Safeguards
U. S. Nuclear Regulatory Commission
Washington, D. C. 20555

Dear Sir:

In reference to your letter dated October 1, 1984, we wish to request renewal of our materials license #34-01131-01.

We wish to continue to operate under our current license, adhering to all statements made in application dated September 4, 1979, and approved by the commission December 27, 1979. In addition, all applicable N. R. C. Regulations and License conditions will be followed.

We also will adhere to amendment No.42 as applied for October 12, 1984, and approved by the commission December 2, 1983.

Changes in our program since December 29, 1979, are the addition of two rooms for use in Nuclear Cardiology. (Diagram enclosed) All statements in our application dated September 4, 1979 pertinent to the use of these rooms will be adhered to. (For other changes, see enclosures.)

Sincerely,

Clayton A. Hixson

Clayton A. Hixson, M.D.
