Re: License Numbers 29-28377-01, 29-28377-02G and NR0213D101B

To Whom It May Concern:

Chrompack is in receipt of the annual NRC fees for the above referenced licenses.

For several years now activity of licensed material has become considerably minimal, with little or no activity this year and with no activity anticipated for the foreseeable future. This would only change if there were a significant product development breakthrough or a change in corporate objective. None are viewed as probable. To that end, Chrompack would like to suspend and inactivate its licenses until further notice or until the expiration of these licenses. Therefore any current or future fees due should be abated. Consequently all in-house material will be disposed of, transferred back to our parent company and activity ceased until such time Chrompack requests in writing to the NRC to change this status, or upon license renewal, which ever is appropriate.

If this request cannot be honored, then it is requested that the license be terminated.

Please call me to discuss should you have any questions regarding this matter.

Sincerely,

Carmen Gerrone
General Manager
