Re: Request for Condition Change
Materials License No. 34-01216-03
License: St. Vincent Hospital
Department of Nuclear
Medicine

Dear Mr. Bowyer:

As per our telephone conversation this morning, I am requesting that condition 12 of our By-product Materials License be amended to show that S. T. Pinsky, M.D., R. E. Myers, M.D., and R. M. Stankey, M.D., be authorized to administer materials listed in Groups I through VI inclusive. The preceptor statements and curricula vitae which you already have on file for these physicians indicate their experience and expertise with the isotopes named in Group VI as well as the other Groups.

Thanking you for your cooperation and concern in this matter, I remain

Very truly yours,

K. J. Schroader, M.S.

K. J. Schroader, M.S.
Radiation Safety Officer

KJS/pe

cc: S. T. Pinsky, M.D.
R. E. Myers, M.D.
R. M. Stankey, M.D.
Audrey Chadwick, R.T.
