Safety & Safeguards
U.S. Nuclear Regulatory Commission

Dear Ms. Seeman:

I received today, the advance notice of proposed rulemaking concerning financial assurances for accidental releases of radioactive materials. While at this time I have no comments on this proposed rulemaking, I want to thank you for keeping me informed on progress in this area as you promised last summer.

In reviewing the 1986 budget of the NRC, I understand that the Commission is still working on drafting proposed rules that will affect the financial assurances section of Part 61. When the advance notice of proposed rulemaking is issued on this, I would appreciate a copy since it will affect the development of a new low level waste site in South Dakota.

Once again thank you for your efforts.

Sincerely yours,

Tom P. Nelson
