SUBJECT: NATIONAL STATE LIAISON OFFICERS' MEETING

Thank you for your participation in the National State Liaison Officers' meeting on October 8, 1996. Your report on the activities of the Interagency Steering Committee on Radiation Standards (ISCORS) was both interesting and informative. I believe the State officials benefited from your presentation on the important activities of ISCORS. We are always looking for opportunities to inform the States of NRC's activities, and in this case, NRC's activities with the other Federal agencies. Thank you again for your participation.
