

October 31, 1996

Mr. Robert Link
Vice President, Nuclear Power
Wisconsin Electric Power Company
231 West Michigan Street - P379
Milwaukee, WI 53201

Dear Mr. Link:

We have received the enclosed Federal Emergency Management Agency (FEMA) correspondence dated October 18, 1996, transmitting the FEMA evaluation report for the August 6-7, 1996 Emergency Preparedness Exercise at the Point Beach Nuclear Power Plant.

There were no Deficiencies identified by FEMA during the exercise, but four Areas Requiring Corrective Action (ARCAs) were identified. Two ARCAs were carried forward as unresolved.

We fully recognize that any remaining corrective actions to be implemented may involve parties and political institutions which are not under your direct control. Nonetheless, we expect that assistance, if appropriate, will be extended.

In accordance with 10 CFR 2.790 of the Commission's regulations, a copy of this letter and the enclosed FEMA correspondence will be placed in the NRC Public Document Room.

Sincerely,

Original Signed by James E. Foster (for)
