Re: Inspection report in Johnson County

Dear Mr. Smith:

Enclosed you will find Glen Garton's inspection report for a visit to your site in Township 45 North, Range 77 West, Sections 25 and 26, Johnson County.

The problems with the site are quite clearly delineated in Garton's Summary and Conclusion, which also requests a schedule for completing reclamation and submission of the report required by W.S. 35-11-404(e).

If the report is not received by this office within 10 days of your receipt of this letter, I will recommend Notice of Violation and enforcement action to the Administrator and Director. Enclosed you will find abandoned drill hole report forms.

Sincerely,

*Ed Francis*
