Gentlemen:

This refers to your application dated August 28, 1985, requesting approval of your Quality Assurance (QA) program. Instruction 90912, and enclosures submitted, represents documentation used as verification of satisfying your QA program and, as such, is not the commitment we require. These should be retained in your file along with the associated written procedures.

Enclosed is a copy of a guide that the staff has found an acceptable commitment for QA programs for radiographic devices which you may choose to follow.

If you have any questions regarding this requirement, please contact Len Gordon of my staff at 301/427-4122.

Sincerely,

Original Signed by
CHARLES E. MACDONALD
