Dear Ms. Vacherlon:

In reference to our application for license amendment (Control No. 78699) for our license No. 34-08849-05 for increase of source level to 300m Ci from 50m Ci, we wish to inform you that we no longer are going to proceed with these plans. Instead, we have already sent the concerned source holder, Ohmart Model SRL, with its 50m Ci source (No. A-2102) to Ohmart Corporation in Cincinnati for disposal.

Please change our amendment request to reflect this change. This will leave us with only two radioactive sources under license No. 34-08849-05.

Very truly yours,

D. L. Wetherilt
