Re: NRC Material License # 34-18728-01

Dear Sir:

Please find enclosed the necessary information to amend our Materials License to include Mary C. Moebius, M.D. as a licensed user.

We had previously submitted Dr. Moebius's Supplements A and B with our License Renewal application dated April 29, 1985. The information submitted at that time was found to be inadequate and was rejected by Mr. James Mullauer, Materials Licensing Section. We opted at that time to proceed on with the License Renewal and to forward Dr. Moebius' revised Supplements A and B at a later date so as not to detain the processing of our Material License Renewal.

Therefore, Dr. Moebius' revised Supplements A and B along with two letters from Dr. Edward Silberstein, University of Cincinnati are enclosed for your inspection. Please find enclosed also, the appropriate Application for Materials License Amendment and a check in the amount of \$150.00 to cover the necessary fee. These have been submitted in duplicate.

If we can be of any further assistance, please don't hesitate to contact us. Thank you.

Sincerely,

*Carole Ritzi*
