Gentlemen:

Your application dated April 16, 1980 for ~~a by product material~~
license has been assigned to Leah Tremper for review.

Enclosed for your information is a copy of our guide describing the minimum information needed in applications for licenses to use byproduct material in the form of sealed sources in portable and semiportable gauging devices. Additional information is needed in support of your application. We have checked the item(s) on the reverse side of this form which reference section(s) in the guide for which you should submit additional information.

We are using this form letter to enable us to process your application in a timely manner. Your cooperation in promptly submitting the requested information will also help us to decrease the process time for your application.

In providing the requested information, please reply in duplicate and reference your assigned mail control number.

If you have questions, please contact the above named reviewer at telephone number (301) 427-4228.

Sincerely,

James A. Jones
Material Licensing Branch
Division of Fuel Cycle and
Material Safety

Enclosure: A Guide for Preparation
of Byproduct Material Applications
for the use of Sealed Sources in
Portable and Semiportable Gauging
Devices (1977)
