Subject: Additional information about my  
application for amendment of Lic.  
No. 52-19206-01  
Reference: 50072; 030-17134

Dear Mr. Wright:

As per your request on your letter dated October 11, 1983 let me provide you the following additional information required to continue your review of my application for an amendment dated August 12 and September 5, 1983:

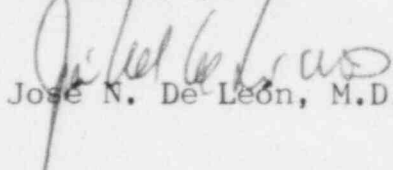

1. Please find enclosed copy of the Application for an Amendment of the Ryder Memorial Hospital Lic. No. 52-21026-01 to authorize the possession and use of the Sr-90 Eye Applicator, 125 mCi (8-80), Nuclear Associates Inc. - Model 67-850 - serial No. D-415.
2. When the Sr-90 Eye Applicator is going to be used in the alternate location, i.e. Ryder Memorial Hospital, Humacao, Puerto Rico, I will transport the Applicator (kept in the manufacturer-supplied storage case) in the trunk of my private car and carried up by myself to the Hospital Operating Room. Once the treatments are over, the Applicator will be returned in the same way and in the same day to the appropriate and secured storage location, the locked cabinet located in my main Office at 86 Georgetti St. - Rio Piedras, P.R. 00925.

3. In normal conditions, no-radiation hazard is foreseen for myself neither for the general public. When the source is inside the car and ready for transportation measured radiation levels at the driver's position and around the trunk of the car are up to .1 mR/hr and .8 mR/hr respectively.
4. In case of any traffic accident, radiation labels attached to the storage case of the Applicator will alert people and policemen on any potential radiation exposure and provide information on telephones where can be called up for assistance:  
Doctor's Office:  
767-9873  
789-8803 (home)  
S. Gomez (Radiation Physics Consultant): 767-0396  
751-0042 (home)

Should you have any other questions concerning this Application for Amendment, please let me know.

Sincerely yours

  
Jose N. De-Leon, M.D.
