Dear Sirs:

This is a request for an amendment to License No. 52-21026-01 of the Ryder Memorial Hospital - Nuclear Medicine Program to possess and use a Sr-90 Eye Applicator. This twofold request for an amendment is as follows:

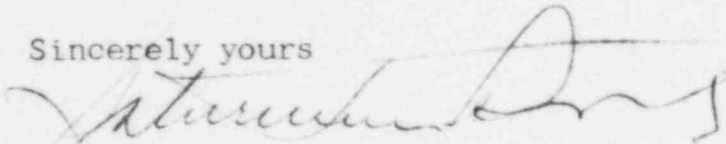

1. To authorize Ryder Memorial Hospital to possess a Sr-90 Eye Applicator, 125 mCi (August 1980) - Nuclear Associates Inc. - Model 67-850 - Serial number D-415, property of Dr. Jose N. De León, Ophthalmologist.
2. To authorize Dr. Jose N. De León, NRC License No. 52-19206-01 to use the Applicator at the Ryder Memorial Hospital Operating Room for treatments of superficial eye diseases.

It is understood that during the time the Applicator is in Ryder Memorial Hospital, its safe use and proper handling will be my responsibility under License No. 52-21026-01. But when the Applicator is in Doctor's Jose N. De León Office or is being transported to and from Ryder Memorial Hospital its safe use and handling is his responsibility under License No. 52-19206-01.
