Glen Ellyn, Illinois 60137

Subject: License Renewal Application
Control #78367

Gentlemen:

Please delete sub item 19 on page 2 of Item 15 from our renewal application. Because the therapeutic doses of Radioiodine come as essentially sealed containers, we do not feel Bio assays are necessary.

Sincerely,

Mary K. Paglow, R. T. C.N.M.T.
Section Leader, Nuclear Medicine Dept.
