S. J. CROMER  
VICE PRESIDENT

April 2, 1962

Mr. Richard Lowenstein, Director  
Division of Licensing and Regulation  
U. S. Atomic Energy Commission  
Washington 25, D. C.

Dear Mr. Lowenstein:

Thank you for your reply of March 20, 1962 to our request of December 1, 1960, to minimize the use of film badges in our Colorado, Wyoming and Utah Uranium Mills. Since this request was submitted, two of the mills, Slick Rock, Colorado and Green River, Utah, have been closed, and a number of steps have been taken in the remaining mills to minimize exposure to radiation.

A review of scintillation counter survey data and film badge experience during the past year in the operating mills reveals that the number of film badges required to provide one for each employee likely to receive a dose in any calendar quarter in excess of 25 percent of the applicable value specified in Sec. 20.101 of Part 20, will not be excessive. We shall, therefore, not pursue the matter further.

Yours very truly,

*Sylvan Cromer*
