MEMORANDUM FOR: John G. Davis, Director  
Office of Nuclear Material Safety  
and Safeguards

FROM: Harold R. Denton, Director  
Office of Nuclear Reactor Regulation

SUBJECT: PROPOSED REVISIONS TO 10 CFR §73.71, SAFEGUARDS  
REPORTING REQUIREMENTS

In accordance with your memorandum dated February 16, 1984, subject as above, we have reviewed the draft rule package. We agree that the current reporting requirements of 10 CFR §73.71 can be relaxed without significantly affecting NRC's ability to respond to incidents on possible generic safeguards problems. We, therefore, concur with the draft rule package.
