Re: In the matter of Texas Utilities Generating Company,  
et al. (Comanche Peak Steam Electric Station, Units  
1 and 2), Docket Nos. 50-445-2 and 50-446-2

Gentlemen:

As requested in the Board's Order of September 17, 1985, enclosed is the Notice of Appearance for Ms. Garde. Inasmuch as the Order was issued before CASE had the opportunity to respond, there are a few points that we wish to make for the record:

1. We acknowledge that we made a mistake, albeit an honest mistake. We shall take steps to avoid similar mistakes in the future.

2. Our informal dealings with Applicants since last February have been substantially fruitless, but we will in the future "exhaust our informal remedies" before formal filings as the Board has directed.

3. The document, while signed by Ms. Garde, was prepared under my supervision and I fully accept responsibility for it.

4. We do not believe that raising issues regarding the conduct of counsel for CPSES, if well-founded, are ad hominem attacks since the character and competence of Applicants is in large measure governed by who they contract with and how they control those contractors.

We regret that our filing created the impression that we were "grandstanding" and stress that it was not our intent.

Sincerely,

*Anthony Z. Roisman*
