Gentlemen:

We have issued a new Safeguards Amendment SG-1 to your License No. SNM-639 to replace Material and Plant Protection Amendment MPP-3. Your new amendment, which is effective immediately, was updated to incorporate revised License Condition 2.1. This license condition has been revised from the one stated in our September 26, 1984, letter to properly incorporate your revised Fundamental Nuclear Material Control (FNMC) Plan dated November 1, 1982; the page changes made thereto dated May 1, 1984; and to affirm that Appendices A through F are for demonstration purposes only.

Should you have questions or comments please feel free to contact us.

Sincerely,

Original signed by Willard B. Brown
