RE: NUREG 1516

Dear Ms. Schlueter:

I have reviewed the copy of NUREG 1516 entitled: "Management of Radioactive Material Safety Programs at Medical Facilities", which you provided according to my request in August 1995. There is one change which I would like to make you aware of on page 62 of the document. The address of the Maryland Department of the Environment, Radiological Health Program is incorrect. The address is as follows:

Maryland Department of the Environment
Radiological Health Program
2500 Broening Hwy.
Baltimore, MD 21224

The TESH agency does not exist. I am interested in updated information on issues concerning self-identified violations and enforcement policies. Please send information to the address above, ATTN: Dan Hill, Radiological Health Program. If you have any questions, please contact my office by calling 410-631-3182. Thank you.

Sincerely,

Dan Hill
Health Physicist
