MEMORANDUM FOR: Charles E. Norelius, Director
Division of Reactor Projects
Region III

FROM: Hugh L. Thompson, Jr., Director
Division of Licensing
Office of Nuclear Reactor Regulation

SUBJECT: REGION III CONFIRMATION OF PERRY 1 SER ITEMS

My memorandum to you dated March 14, 1985, requested that the regional inspection staff confirm the resolution of dual function pipe whip/support restraints discussed in the SER and SSER No. 2 (Section 3.9.3.3.). In subsequent discussions between the Project Manager, (J. Stefano), J. Grobe, (Perry SRI), and the NRR technical reviewers, it has been determined that further confirmatory action by the regional inspectors is not necessary and that item is hereby deleted from the list of items enclosed with my March 14, 1985 memorandum.
