### **Professional Activities**

Produced a report showing that Ohio University regional campus tuition was not a barrier to student participation--the report showed that the higher education participation rates for two-year institutions in OU regional campuses' service area was higher than the average participation rate in both the State and region.

Coordinated and produced five campus self-studies for the Ohio Board of Regents regarding service standards for two-year institutions

Coordinated a public hearing on the Ohio University campus for testimony presented to the Ohio Board of Regents in response to the *Managing for the Future Task Force Report* on service standards for two-year institutions

Active on several committees through the administrative senate, regional higher education, and the faculty senate

Read extensively on issues related to higher education

## **Research**

Study of continuing education needs in Hong Kong

Numerous statistical studies on cost and productivity using information provided by Ohio University Institutional Research

Comparative studies of income and cost using Ohio Board of Regents data for different types of institutions

Study of students perceptions of the benefits of using word processing to produce technical reports

"Developing an interactive curriculum for technical writing through action research," dissertation, 1983

"The fight story tradition in the Davy Crockett Almanacs," Master of Arts thesis, 1981

Film and videotape study of an elementary language arts class, class project, 1980
